## **VISTA-PRO AUTOMOTIVE APPOINTS NEW PRESIDENT AND CEO**

**Nashville, TN - April 26, 2010** - Vista-Pro Automotive, LLC, ("Vista-Pro") announces the appointment of Steve Scharnhorst as President and CEO. Scharnhorst previously served as President and CEO of Excel Homes in Harrisburg, PA, the largest custom modular manufacturer in the U.S.

Scharnhorst has nearly 30 years of experience in the automotive industry, including positions with GNB Technologies, Exide Corporation, Optima Batteries, Inc. and Johnson Controls Power Solutions. While at Johnson Controls, he also served as vice president of global manufacturing for the Building Efficiency Group and managed manufacturing, purchasing and distribution operations.

Under his leadership and direction, Scharnhorst will build on Vista-Pro's market-leading position in the automotive aftermarket climate control industry, creating and implementing strong market strategies, developing solutions based on customer needs, improving customer satisfaction and pursuing growth opportunities in the market.

"I'm extremely excited to be a part of the Vista-Pro Automotive team," said Scharnhorst. "This new company has a very bright future ahead, and I'm honored to be able to play a part in shaping its growth. Our mission is to become a World-Class company by delivering the highest quality in the aftermarket, providing our customers with the value-added products backed by the reliability and technical support they need."

### **About Vista-Pro Automotive:**

Vista-Pro Automotive, headquartered in Nashville, TN, is a leading designer, manufacturer and distributor of non-discretionary automotive aftermarket parts including radiators, condensers, heater cores and air conditioning products for automotive and heavy-duty applications.

Vista-Pro products are manufactured in 11 North American plants, ensuring rapid response to customer demand, fast delivery times and a higher-quality product. All Vista-Pro parts are manufactured to meet or exceed OE-quality standards for optimum performance and reliability.

Vista-Pro's family of brands includes:

- Ready-Rad<sup>®</sup> radiators
- Ready-Aire<sup>®</sup> condensers and heater cores
- Vista-Pro<sup>™</sup> brand A/C products
